**We are not responsible for any damage due to installing or using this product.**

Always wear eyes protective gear.

NEVER look into the gun muzzle.

NEVER point the gun or to shoot towards a person or an animal.

Store the air gun at places out of reach by children.

Always put the gun in a case or bag when you are carrying it.

Always put your finger away from the trigger except when you are ready to fire the gun.

Set selector lever at the "SAFE" position and remove the magazine when the rifle is not in use.

Even if the magazine is removed, there might be remaining BB bullet in the gun which still can be shooting.

# COMPONENTS NAME

The STTI SMG HDP50 Pistolet-Carbine Conversion is ergonomically designed and equipped with ambidextrous front sling mount and rear swivel slot, charging the weapon is easy and it is user friendly to both left and right handed operators. It is integrated with a top and 2 side rails for mounting accessories and a lower rail to mount any forearm grip. The STTI is equipped with an adjustable 2 position shoulder stock and it can be easily changed in any AEG ones. The STTI Pistol Carbine Kit Conversion includes a pair of flip-up sights, a detachable folding forearm grip.
